### Around Frank

Nell McCaig, of Macleod, spent Sunday at the Rocky Mountain Sanatorium.

A. Manuel, proprietor of the Frank hotel is able to be about again after a brief illness.

Harvey Murphy has been leaving a visit to the coast and is expected home this week.

Sixty miners are writing examination papers at the Rocky Mountain Sanatorium this week.

W. J. McGowan, who went to Vancouver on the first of the month, is expected home on Sunday next.

Miss McCallum, of Calgary, has been engaged to fill the deficiency in the school staff, and arrived this week.

A meeting of the trustees board of Knox Methodist Church was held at the church on Tuesday night.

R. W. Thompson returned last week from an extended trip through eastern Canada and the States.

R. E. Mercer and wife, of Macleod, were weekend visitors at the Sanatorium, returning home Sunday evening.

The man Stewart, of Blairmore, who received injuries at the cement works a few weeks ago, has come out of hospital.

If you know of the real value of Chamberlain's Liniment for lame back, soreness of the muscles, sprains and rheumatic pains, you would be well advised to buy it. For sale by all dealers.

Samuel Shone and Fred Allerton have been appointed board of examiners for Mine managers, pit bosses and fire bosses for the Bowes-Nest district.

C. Vinct, who had been attending the Stampede at Calgary last week returned to town on Sunday last. Mr. Vinct resigns the management of the Rocky Mountain Sanatorium on Sunday next.

Few, if any medicines, have met with Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic, cholera, etc., which has been foisted in almost every neighborhood has given it a wide reputation. For sale by all dealers.

As there are two bonded warehouses, the Frank Wine & Spirit Co. and Dominion Express Co. in Frank, Mr. Beach has been retained as a preventative officer for the town at the same salary as he was drawing formerly as Collector of Customs.

The Canadian Coal Consolidated Co. have awarded the contract to W. J. Scott, of Pincher Creek, to remove all their cottages off the danger zone, and the work will commence on Monday next. At present most of those cottages are vacant, but as soon as they are moved they will be all occupied.

Running up and down stairs, sweeping and mopping, washing and cooking, makes a woman healthy or beautiful. She must get outdoors, walk a mile or two every day and take a change of air. It helps improve her digestion and regulate her bowels. For sale by all dealers.

The coal company have started work on the sinking of a new shaft just west of Bohemian town. The new shaft is estimated to cost in the neighborhood of \$1,000,000, and should be sufficient information for the Doubting Thomas's as to the feeling of the coal company towards the abandonment of the town of Frank. Hope is just as bright in the town today as ever it was, and in fact brighter, for in addition to the sinking of a new shaft there is a movement on foot which will materialize into a mammoth cement plant. It is said that a strong company has the matter in hand and that the big smelter has been acquired, which will be converted into a store room while the main factory will be situated north of it.

The wife of Robert Holmes died on Saturday last of heart failure, at the age of 42 years. Mrs. Holmes leaves a husband and six children to mourn their loss. Funeral took place at the Coleman cemetery on Saturday afternoon and was largely attended, Rev. G. G. Bumpus officiating.

Before leaving, Mr. Marx was tendered an informal banquet by his intimate friends. His many friends wish him every success in his new work.

Albans Church folks are advertising a good performance to be given in the Dreamland theatre on Wednesday evening, the 18th. The entertainment will consist of a special series of moving pictures, interspersed with songs and recitations by local talent. The proceeds will go to the men's institute fund, and in view of this commendable object the parsonage should be large.

### Around Bellevue

Pay day does not come this week in Bellevue as in the other mining camps, but will fall on Sept. 20th.

Mrs. S. Humble was confined to the house for a few days, owing to her having contracted a severe cold.

Mr. Radford and family have recently come in from Nova Scotia and are occupying the house vacated by Mr. Johnson.

Mr. Johnson and family have moved to Calgary and are taking up their residence with Mr. Johnson's brother in the East end.

Watch for announcement of the big concert to be held in the Soulis hall on the evening of Sept. 28th. Proceeds in aid of the new institutional church.

The little son of Charlie Burrows who recently underwent a severe operation for appendicitis, was removed from the hospital to his home on Friday in a much improved condition.

The local lime management have been forced to lay off quite a number of men because of the lack of cars to remove the output of coal. It is thought that having fewer men at work, it will necessitate fewer idle days.

Rev. Mr. Irwin will preach next Sunday night upon the subject "Does God Exist?" It was stated Sunday evening that if God is not a factor of consciousness His existence cannot be proven by any system of prayer or logic.

Mr. Irwin will try to prove that God is a factor in consciousness and can be known as an actual reality. Discussion is invited at the close of the regular service.

The citizens of Bellevue were alarmed the other evening by the shrieks of a dog which ran through the town having been shot in the mouth. It was found out afterward that an effort had been made to put end to the canine but the bullet had failed to do the damage intended. The dog escaped with a severe wound and was finally dispatched with an axe and duly deposited in mother earth.

We are interested to note the reference in last week's issue of this paper by the Hillcrest concerning the condition of the bridge between Bellevue and Hillcrest. The importance of having the bridge repaired has been felt by the Bellevue people for some time. We hope that the present authorities will take this matter in hand and assure the safety of those who carry on the large traffic between the twin camps.

On Friday morning last a strange incident occurred at Hillcrest station while an engine was pulling for a train. The engine, a 4-6-0, belonging to the Scholten engine, derailed and fell out of the cab of his engine and was discovered by his fireman and C.P.R. agent. Perry Lydyard, who was put under the care of Dr. McKay. It is reported that he is not dangerously ill and will be out in a few days.

The Day of the Suffragette

Another Form of Senatorial Courtesy

In addition to studying railroad  
rates and investigating the conduct  
of the railroads, Senator John M. Dimes  
of Montana has been a student of the  
Senate. He has been here before he  
came to Washington to hear his  
service in the Senate, he was told  
yesterday. He has been condemned to death, that  
is to say, he could return to this earth from the  
other world.

At midnight of the day that I am  
handed, said the lawmaker, will  
have been here. I don't dare order him  
to prove to you that ghosts can come back.

On the midnight in question, Dixon  
was sitting up in his Washington  
home curiously waiting to see what  
would happen. His mother had  
impressed him greatly.

The senator was about to go to bed when  
he heard a knock at the door. It was the  
ghost of three hours between Washington  
and Montana time. So he waited  
a few moments longer, but again  
received no visit.

The only thing, when I had ex-  
amined him, Dixon afterward  
was by what the affairs of the other  
world are conducted.

Judge Aukum, presiding in the po-  
litical trial of the author of this column, has  
not long ago, as witness before him  
a man who stammered, the afflic-  
tion being a big one.

The man would stammer frightfully  
through two or three sentences, and then  
have to stop, and then have to start  
again without hesitation. Finally he  
judged the judge greatly, and finally

my good man, when you stammer  
more.

Well, Your Honor, replied the af-  
flicted man, I do it most when I'm  
talking.

The following interesting statistics  
regarding homestead entries  
made during the month of June, 1912,  
in the four western provinces  
appears in the recent issue of the  
Liber Gazette.

Of 3938 entries made in the  
four provinces, only 28 went to  
British Columbia and 230 to  
Manitoba, while Saskatchewan re-  
ceived 2242 and Alberta 1479.

Of the above all countries were  
represented excepting Newfoundland,  
South Africa, China, Persia  
and New Zealand, while 1087 of  
the total number of entries made  
(3938) were from United States.

Before the Curfew By-Law  
passed Blairmore was check full  
of "fourteen-year-olds," now  
there's not one to be found.  
Gee, don't the time fly!

Now that the Curfew By-Law  
has passed, we may have the  
pleasure of seeing the streets of  
Blairmore clear of youngsters  
after 9 p.m. The law provides  
that children under the age of  
fourteen years shall not be  
found on the streets or in public  
places after 9 p.m., unless in  
the custody of parents or guardian,  
or production of satisfactory  
excuse. Listed for the  
bell!

**Famous Play By  
Well Known Trouper**

For one night, Thursday, Sep-  
tember 17, the Blairmore opera  
house will ring with the kind of  
laughter that makes fat people  
the occasion being the presenta-  
tion of the standard comedy-drama  
success "Zeka, the Country  
Boy," by the Bell Company,

strengthened for the tour of this  
play.

"Zeka" Butler will do "Zeka,"  
with his songs and witcisms; C. G.  
Butler, known all over the  
West as one of the finest of  
actors, will appear as the "Trick  
Fiddler," and the rest of these well  
known players are in excellent  
roles. The play is seven years  
old, and has been played in almost  
every city on the continent. Bell  
carries a full scenic outfit. The  
play is far from being all comedy,  
for the dramatic situations are  
very pronounced. Undoubtedly  
one of the largest turnouts ever  
witnessed here will see the play—  
especially as prices are to run up  
to seventy-five cents only.

**Accident At Coleman**

Gustaf, the three-year-old son  
of Mr. and Mrs. A. Dalton, was  
seriously, if not fatally, injured at  
Coleman on Thursday afternoon.

This little fellow had wan-  
dered on to C.P.R. right-of-way,  
while playing, and was struck by  
the switch engine at work in the  
local yards. The child was picked  
up and conveyed to the Miner's  
hospital, where it was found that  
he had received a compound fracture  
of the skull. The bones of the  
skull were splintered, and one  
splinter, fully an inch in length,  
was driven into the brain. Every  
effort is being made to save the  
young life, but result is doubtful.

**Macleod Has Champion**

Tom Three Persons, of Macleod,  
won the world's championship in  
the cowboys' bucking-horse contest  
at the Calgary Stampede, receiv-  
ing \$1,000 cash, a gold-mounted  
championship belt, and a saddle.

## NOTES FROM BURNS

A. P. Higgins, Manager of the Union Bank at Fortin, wired a cable to town on Monday:

Tom Duncanson, Miss Hart of the Princeburg hotel, was looking up old acquaintances last Saturday.

A. Corrie, of the Western Canada Wholesale, of Fernie, B.C., was a business visitor to town last week end.

Harry Fisher received a slight injury to his leg with a piece of cap rock while work in the mine last Saturday.

The horse race between the respective horsemen of the Canadian and Glover was run off last week end and resulted in a win in favor of Ciron's horse.

Slim Berry, mayor of Police Plaza, paid a casual visit to town on Sunday, and after being shown around town by the boys, high jinks were participated in until the wee small hours.

The president announced that he had just received word from the Canadian polo, but would do so when arrangements had been completed. Roping steers is child's play to what roping Gutzkows is.

A football game was played off last week end between the two teams, the boys, the bantams, which resulted in a win for the diggers by a score of 5 to 2. The haulage boys not being satisfied with the result have issued a challenge for a replay.

We send our best wishes for the success of all amateur candidates aiming for the orbit of John and Francis. We hope they are all able to explain why P.A.W.K.S.V. if not they are invited to write our worthy president for explanation before sitting again.

As announced by the Orange some time ago, the Whitehead Cup will be put in commission again. With Burnside again in their bunkers they will be able to boast the mighty ocean, brave the sea serpents and get over to the old sod of Windsor. Who knows, the Kaiser may have another relapse.

Bearing in mind the direful deeds, talked about in the papers, we send the chairman, "If Hillcrest have got no place on the parlance of the line up of their 600 man team, and the reply was in the negative, it being supposed that the pick of The Puss players would be secured for that date.

Owing to the Stampede the Burnside meet will be postponed until next week and this week we are listening to the stories of the more or less brilliant games. Their stories describe many and strange happenings, such as the following list of some of the following: the following day, Cowboys roping, riding, bulldogging and riding bulls single-handed, also the great extremes of the maximum weight, gleaming up and down and the wonderful and successful efforts of old Photo. We sit and listen to the hairraising yarns, and when who won't say god for what they have seen; while those who stayed away were glad they were not in the partaking crowd and the memory of the day when it goes, everybody is satisfied, and the Stampede ranks an unqualified success.

## A RARE OPPORTUNITY FOR LIVE INVESTORS

## Lake City

In the name of the Western Terminal Point of the proposed Crow's Nest Pass Electric Railway and is already tapped by the Pass line of the C.P.R., while the G.N.R. has already approached to within a few score of miles and must eventually pass through this admirably located town.

## Lake City

Is located by the shore of Crow's Nest Lake, only a few miles east of the provincial boundary between Alberta and British Columbia, and just north of the international line. In reality, it is at the top of Canada where the majestic Rockies tower in serene magnificence over great chalets and numerous fords, reflecting their presence on the waters of this beautiful lake. Here also are afforded the very best tasks for the daring mountain climber and for hunting who desires to outrival the quiet ways of the Rocky Mountain goat, sheep, deer or elk, which are the monarchs thereon. In close proximity are numerous timber, mineral and fuel resources, development of which is now in its initial stages. These resources include gold quartz, coal, iron and pulp wood. Crow's Nest Lake has long been looked upon with promise as an admirable location for health and tourist resorts, and but now this promise is being realized. Plans for hotels, etc., are being arranged, as well as boat houses, and the most modern pleasure-yachts will soon glide over the surface of this beautiful lake.

But a few weeks ago lots were placed on the market, and the agents have had their hands full attending to purchases. Prices range from \$150 up. For further particulars apply to the agents:

## Hillcrest Happenings

Commercio-Flair, anyone heard a German speak lately?

Mr. and Mrs. Corrie, and family paid a visit to their numerous friends in Bellevue on Wednesday last.

Mrs. Frank Smith returned to Hillcrest on Tuesday last from Calgary, where she has been spending a few days with acquaintances during the Stampede week.

Mr. Morrow, the manager for the Canadian Pacific Railway, taking the place of Mr. A. C. McMillie, District Passenger Agent, on Friday last and was much impressed with the possibilities of the Pinches of Canada.

A fast football game is promised for the afternoon preceding the smoke when the combined teams of the Southern Alberta League will play against each other in the annual exhibition, the schools' equivalent of the Stampede. This is due to commence at 4.30 sharp.

Altogether the Hillcrest football fraternity is intending to take a day of it and all are heartily invited, "particularly

the members of the musicals.

The models for the players have been ordered from Messrs. Kyle Brothers of Montreal, and cost in the neighborhood of \$10.00 apiece. The cup will be presented by Mr. W. Graham, the manager of the Hillcrest Club, and the trophy will be called upon for the entertainment of the program, and as there are several first-class vocalists and musicians in and around Hillcrest there is no doubt as to the success of the concert.

The Independent Order of Odd Fellows is in a bad state. Their choir was seen to jump into the alleys of the creek last week, and from all accounts has not been seen since. It is probable that they will prove to be the last to turn up again and we shall not be sorry for them as there are few real authors in this world as it is. We thought of sending a wreath but changed our minds and instead invested the money in a bottle of whisky.

Alfred Wicks and James Leigh left Hillcrest on Saturday evening for Vancouver, whence they are taking the boat for Australia. Mr. Wicks has been in Hillcrest only a short time, but during the few months he was here he became popular and, in his opinion, deserved to be indispensable, that his departure was regretted by all. Mr. Leigh was also very popular among all, filling for several years the position of assistant manager for the Hillcrest Conservative Society and Hillcrest postman with the two of them all success and prosperity in the

### Building Is Active

Blairmore Possesses Finest Hotel In

The Crows' Nest Pass

New Stores

That Blairmore is on the advance steadily and sure is apparent to everyone, both resident and transient. Several months ago the limitation of hotel accommodation demanded a speedy addition to the hotels in order to cope with the ever-increasing trade. It is now planned, large addition was built to the Blairmore hotel, which made that hotel one of the most roomy in "The Crows' Nest Pass".

Following this initial step, the owners of the Alberta hotel were compelled to make an immediate alteration and extension, and plans were gotten out for the moving back of a portion of the old building and the building of a more presentable and accommodating office, bar and rooms on the front at the corner of Victoria Street and Fifth Avenue. This addition is well worthy of mention and is being admired by everyone throughout this section.

The new portion has a whole concrete basement, upon which stands a very attractive two-story block, adding some twenty-five bedrooms as well as nicely finished offices and barroom.

The new rooms are being well furnished and heated, and the accommodation throughout the whole building will compare favorably with that of any other hotel in the Pass.

"It's an ill wind that blows nobody good" is an old saying and fits in very well at present in connection with the Cosmopolitan hotel, for the town of Blairmore is fast becoming the toast of the fact that as a result of a big fire in March last she is now the possessor of one of the finest brick and concrete blocks in Southern Alberta.

A good many months since work was commenced on the excavation for the new Cosmopolitan hotel, to replace the thirty-roomed house destroyed by fire on March 25th last, and ever since the work has been pushing ahead until today we are witnessing the finishing touches to a fifty-roomed hotel which surpasses anything in the hotel line in Southern Alberta.

The new Cosmopolitan is a magnificent structure externally, being three stories of solid brick upon a full concrete basement.

The ceiling of the basement is nine feet high, that of the main floor fourteen feet, while both the upper flats have twelve foot ceilings.

In the basement is located a large "Gurney" furnace, which will supply the entire building with hot air, as well as the rooms and bathe with hot water. Every part of the building will be equipped with hot and cold water, the fittings all being of the very latest type, while each of the upper flats will have a large bathroom, conveniently located.

Besides the furnace room in the basement there will be many other apartments, including a laundry, where all the laundry work for the hotel and its guests will be handled.

The first floor is a spacious

office, having large plate glass windows which make it very attractive. A large dining room is located north of the office, off which are the kitchen, sample-rooms and servants' rooms. West of the office is the bar, which is to be fitted in a luxurious manner.

On the second floor is a full completed bedrooms and suites, the parlor affording a magnificence never seen in Victoria street and the surrounding country.

The third floor contains twenty-five bedrooms and is furnished in a similar manner to the second floor.

A five-foot wainscoting of green and brown birch is placed throughout the entire building, which besides standing for durability, is very clean-looking and attractive.

The furniture throughout is without a doubt the best yet installed in a Crows' Nest Pass hotel, everything from curtains to carpet in the bedrooms being the best obtainable.

The stairways are also very attractive and go up in a winding manner from the offices at the first floor to the top.

The house throughout will be heated by hot air radiators and the most agreeable temperature will be ensured.

The new hotel is nearing completion, and will be opened inside of the next two weeks.

The masonry work on the hotel was done under the superintendence of Alex. Bissett, the concrete king of the Pass, while Frayre & Sinclair put in the woodwork and the finishing touches. The furnishing, heating and plumbing was installed by the Goodeve Hardware Co. of Coleman.

Next adjoining the hotel is a two-story brick block being erected by Messrs. Rose & Bebb. This block is 100x25 feet and has a full concrete basement. This new building is being planned as a wholesale liquor store.

East of the Rose-Bebb block is R.M. Bissett's new furniture store, which will be opened up inside of the next three weeks. This store is 85x25 feet, and has a very attractive front of red and grey concrete bricks.

The upper flat will be used for the present as living quarters to be occupied by Mr. Bissett himself, and will be so arranged that it could be easily converted into a show room if occasion required.

These, together with the Royal Bank, T. Ede's offices and the big Budd block, make one of the finest business blocks in Southern Alberta, and a sure credit to the town of Blairmore, as well as an assurance not only to the people of the town but to outsiders that Blairmore is facing a big future.

Some months ago the council asked Dr. Baker to act as health officer, offering \$150 per annum as a commission, which was refused. Dr. Baker asked for \$250. The cases in question are supposed to have had their origin from a small polluted stream running down the hill near the Boyd residence.
